

HT-D68

Desktop Microphone

The HT-D68 is an uniquely shaped and high-quality condenser microphone designed for use in lecture halls, houses of worship and paging applications. This HT-D68 is phantom power microphone. It adopts high quality condenser cartridge to make sure that the microphone has high sensitivity and good frequency response. With the HTDZ unique technology, the microphone has its own ability to anti-electromagnetic interference from mobile and other electronic equipment perfectly.

Specifications

Capsule type	Condenser
Frequency Response	30Hz - 20kHz
Polar Pattern	Uni directional
Output impedance (Ohm)	75
Sensitivity	-45dB
Power Supply	Phantom Power 48V
Microphone Length	455mm
Net Weight	1.1 Kg
Base Dimension (mm)	115 x 138 x 40mm
